SUMMARY

- Final-year Computer Science and Engineering student Motivated and detail-oriented B.Tech Computer Science student with strong foundations in Python, Machine Learning, Artificial Intelligence, Data Structures, and Software Development.
- Experienced in developing AI-based projects including Sign Language Recognition Systems, Interview Preparation Assistants, and Deep Learning applications.
- Passionate about problem-solving, learning new technologies, and building innovative solutions with real-world impact. Seeking opportunities to apply technical skills and contribute to challenging software and AI projects

SKILLS

Programming Languages: Python • HTML • C • Java

Frameworks & Technologies: Flask • Flutter • REST APIs

Database: MongoDB

Tools: Git • GitHub • VS Code • Android Studio

Concepts: Full Stack Development, Web Development, Software Engineering, AI/ML

PROJECT EXPERIENCE

Smart Roadside Assistance System (Mini Project)

- Developed a location-based vehicle breakdown assistance platform.
- Connected users with nearby workshops and mechanics through service request management.
- Built backend APIs and workflow automation modules.

INTERNSHIP

Artificial Intelligence Intern

May 2025 – June 2025

Novolo.ai & AccelerateX

- Successfully completed a three-week Artificial Intelligence Internship program conducted by Novolo.ai and AccelerateX.
- Learned the fundamentals of Artificial Intelligence, Machine Learning, and Deep Learning concepts.
- Worked on practical projects involving AI Agents, Sentiment Analysis, and Image Classification.
- Gained hands-on experience with AI workflows, problem-solving techniques, and real-world AI applications.
- Collaborated with mentors and peers to understand emerging AI technologies and industry best practices.

CERTIFICATIONS

- Artificial Intelligence Internship – Novolo.ai & AccelerateX
- Machine Learning Foundation Certification – Infosys Springboard
- Python Foundation Certification – Infosys Springboard
- AI Workshop Participation Certificate – NextWave

EDUCATION

Bachelor of Technology (Computer Science & Engineering)

2027

Vimal Jyothi Engineering College, Chemperi, Kannur

CGPA: **6.76/10**

Higher Secondary (12th)

2022

St. Mary's HSS Edoor

Percentage: **93.33%**

SSLC (10th)

2020

St. Thomas HSS Manikkadavu
